Support & Connection

Our Mission

The Center for Cancer Support & Education empowers and supports people touched by cancer, their caregivers and loved ones, by offering resources to enhance life as they move forward.

The Center began with an annual day of connection—*Arms Around Arlington*—for those affected by cancer, and grew to offer support groups and services for people who are dealing with or have survived cancer, as well as their caregivers.

With funding from several sources, The Center continues to grow and expand services to a diverse group from the many communities surrounding our home office in Arlington.
